

Sereno Video Conferencing Camera

NMX-VCC-1000 (FG3211-10)

Overview

Sereno is a video conferencing camera designed to support conferencing applications in huddle spaces and smaller meeting rooms. Sereno provides HD quality video with outstanding voice capture to deliver exceptional conferences.

Common Applications

Use Sereno in huddle rooms for video conferencing and/or in conference rooms and boardrooms where microphone/video mechanical shutoff is critical for privacy when camera is not in use.

Features

- **1080p HD Video** – Excellent video image quality
- **120° Field-of-View** – See all meeting participants even in smaller rooms
- **Beamforming Microphones Focuses on Voice Capture** – Filters out unwanted noise, making it easier for participants in a web conference to hear the person speaking
- **Mechanical Shutter Blocks Video and Microphones** – Provides security for business and government applications
- **Flexible Mounting Options** – Easy to install
