

C2G

50ft (15.2m) Cat6 Non-Booted UTP Unshielded Ethernet Network Patch Cable - Plenum CMP-Rated - Gray (TAA Compliant)

Part No. CG-15274

Strict building code requirements for cabling in plenum spaces have created installation challenges in settings such as schools, hospitals and other commercial buildings. C2G has expanded its connectivity portfolio to include a line of cables that are ideal for routing through plenum space above dropped ceilings or under raised floors.

Applications include voice/data/video distribution; this cable will handle bandwidth-intensive applications. Meets all Cat6 TIA/EIA standards, and reduces both impedance and structural return loss (SRL).

Constructed from high quality plenum cable, this design minimizes Near-End Crosstalk (NEXT) levels. Available in Gray, Blue and Black to easily color-code your network installation.

Features & Benefits

Rated for Plenum, in-wall installations

Cat6 cable with standard RJ45 connectors

Available in lengths up to 100ft

Specifications

General Info

Color	Gray	UPC Number	757120152743
Country Of Origin	United States	Product Line	C2G
Application Sector	Residential, Commercial, Industrial	Type	Cable
Warranty Type	Lifetime		

Dimensions

Cable Length	50 ft
--------------	-------

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Adapter Front	RJ-45 Male
Wire Gauge	23 AWG	Cable Type	Unbooted, Ethernet Patch Cable, Unshielded (UTP)
Adapter Rear	RJ-45 Male	Jacket Rating	Plenum CMP-Rated
